

Marito®

**Time for friends.
Time for Marito.**

An aperitif made from Swiss herbs 

Marito verde has depth, is refreshingly different and is completely natural.

Distillation and maceration of Swiss herbs are combined to create the special process used by Marito.

A blend of choice Swiss herbs, a fresh lemony flavour and a bittersweet note that stimulates the taste buds.

Marito Mix

The flavours develop best in a Copa glass. Add the ice cubes and 4 cl Marito verde.

Fill with 14 cl soda water and add a slice of lemon.

That's it! Quickly made, it is tasty and refreshing
